HOUSATONIC'S MISSION

Housatonic Community College, though a collaborative, learner-centered, technology-rich and stimulating educational environment, empowers all individuals to develop to their full potential as lifelong learners. As a knowledgeable and dedicated faculty and staff, we inspire students to contribute responsibly to our dynamic regional and global society.

HOUSATONIC'S VISION

By 2021, Housatonic Community College, empowered by resources and public support, will be a regional leader in higher education, workforce development, and community engagement with cutting-edge programs in science, technology, engineering, arts, mathematics and other disciplines that address the ever-changing needs of students, employers, and society.

Housatonic Places High Values On:

Educational Excellence

- Affordable, accessible, and high-quality higher education;
- Sensitivity to students with diverse backgrounds, needs and goals;
- Providing innovative programs that satisfy a variety of individual, regional, and global societal needs
- Emphasizing critical thinking, empowering students to become independent learners, creative problem solvers, and engaged citizens
- Sparking intellectual curiosity and promoting lifelong learning through a rich cultural and academic environment
- Ensuring personal, academic, and organizational integrity and honesty in all endeavors
- Promoting the belief that learning is the basis for personal growth and enrichment and that personal maturity is defined by responsibility, accountability, and transparency

Diversity and Inclusion

- Embracing cultural and intellectual differences
- Fostering interpersonal engagements that are respectful of individuals and cultures
- Cultivating an environment that encourages diverse populations to contribute to, and participate in, the educational process

Services and Resources

- Providing students with resources and support from entry to completion of their goals
- Maintaining a safe and secure campus

Personal Connection and Community Engagement

- Providing opportunities for students to experience positive connections at Housatonic that last a lifetime
- Building strong connections that contribute to, and support, community engagement.

Definitions				
Academic Year: Summer, Fall, Winter semesters of Year 1 plus Spring semester of Year 2. This analysis begins with 2005-06, the baseline year.				
Population (1): The count of students taking credit courses during the academic year. Each student is counted only once <u>within</u> an academic year, no matter how many semesters he/she attends or how many courses he/she takes. Each student is counted once <u>in each year</u> in which he/she takes credit courses.				
Population (2): The count of students in Population (1) not previously counted in the (2) column whose Student Type value is "N" (new to any college as an undergraduate), "D" (transfer to HCC) or "1," (secondary, not College Career Pathways). Each student is only counted once in this column, in the first academic year in which he/she appears with an N, D or 1 value in the Student_Type field.				
Population (4): The cumulative count of "N," "D" and "1" students, i.e., Population (2) over time. Each student is only counted once in this column.

Of the 5,138 students who registered for the Fall 2017 semester, the majority are continuing students (n = 3,138, 61.1%). This figure may include students who have previously earned an associate’s degree or certificate from HCC.

Over 21 percent (n = 1,111, 21.6%) reported themselves as new students, first time in any college.

In the table above and in the chart on the next page, a *new* student is defined as a first-year student attending any institution for the first time at the undergraduate level. This definition includes students enrolled for the fall term who attended here for the first time in the prior summer term, as well as students who entered with advanced standing (college credits earned before graduation from high school - AP, Tech Prep/College Career Pathways, HS Partnership, etc.). Students coded as “new” are self-reported as such and may or may not have previously attended another college.

A *continuing* student is a student who has attended HCC in the past two years.

A *transfer* student is a student who is coming to HCC from another college.

A *re-admitted* student is a student who is returning to HCC after an absence of at least two years (including summer and winter sessions).

A *high school* student is a student who is taking college courses to earn college credit before graduating from high school.

Fall Semester Student by Class Status (10 Years)

Fall Semester Student by Class Status (10 Years as a percentage of class)

Most students are freshmen, meaning they have accumulated fewer than 30 grade point average (GPA) credits toward a degree. Students do not earn GPA credits for passing developmental classes (those below course level 100). A large number of students remain categorized as freshmen until they enroll in college-level classes.
