Our daily choices affect our health and what we pay out of pocket for health care. Even if you're happy with your current coverage, it's a good idea to review the plan options each year during open enrollment.

All of the State of Connecticut medical plans cover the same services, but there are differences in each network's providers, how you access treatment and care, and how each plan helps you manage your family's health. If you decide to change your health care plan now, you may be able to keep seeing the same doctors, yet reduce your cost for health care services.

During this open enrollment period, we encourage you to take a few minutes to consider your options and choose the best value for you and your family. Everyone wins when you make smart choices about your health care.

Check Your HEP Status

The Health Enhancement Program features an easy-to-use website to keep you up to date on your requirements.

On the HEP website, you can check your family’s overall status, and which HEP requirements you still have to complete.

What You Need to Do

Current Employees

Open Enrollment Is May 6
Through May 31, 2019

Now is your opportunity to adjust your health care benefit choices. It's a good time to take a fresh look at the plans, consider how your and your family's needs may have changed, and choose the best plan option for you.

For 2019 Open Enrollment information, please go to the Comptroller's website at www.osc.ct.gov or check with your agency Payroll/Human Resources office.

During Open Enrollment, you may change medical and/or dental plans, add or drop coverage for your eligible family members, or enroll if you previously waived coverage.

If you'd like to make a change for 2019-2020, contact your agency Payroll/Human Resources office to request an enrollment form.

New Employees

To enroll for the first time, follow these steps:

1. Review this booklet and choose the medical and dental options that best meet your needs.
2. Complete the enrollment form (available from your agency Payroll/Human Resources office).
3. Return the form within 31 calendar days of the date you were hired.

If you enroll as a newly hired employee, your coverage begins the first day of the month following your hire date. For example, if you're hired on October 15, your coverage begins November 1.

The elections you make now are effective through June 30, 2020 unless you have a qualifying status change (see page 3).

Who's Eligible

It's important to understand who you can cover under the plan. It's critical that the State is providing coverage only for those who are eligible under the rules of the plan.

Eligible dependents generally include:

- Your legally married spouse or civil union partner;
- Your children:
 - Medical coverage through the end of the year they turn age 26;
 - Dental coverage through the end of the month of their 19th birthday;
- Children residing with you for whom you are legal guardian (to age 18) unless proof of continued dependency is provided.

Disabled children may be covered beyond age 26 for medical or age 19 for dental, with proper documentation from the medical insurance carrier.

Documentation of an eligible relationship is required when you enroll a family member.

It is your responsibility to notify your agency Payroll/Human Resources office when any dependent is no longer eligible for coverage.

Refer to www.osc.ct.gov for details about dependent eligibility.

Make Sure You Cover Only Eligible Dependents

As your family situation changes, be sure that the people you have covered under the plan are still eligible. It can be a costly oversight if you continue to cover an ineligible person.

Did your child reach age 19? Once your child is 19, they are no longer eligible for dental benefits (unless disabled*).

Did your child reach age 26? Once your child is 26, they are no longer eligible for medical and pharmacy benefits (unless disabled*).

*** For your disabled child to remain an eligible dependent, they must be certified as disabled by your medical insurance carrier before their 19th birthday for dental benefits or their 26th birthday for medical benefits.**

Did you get divorced or legally separated? Once a judgement of divorce or legal separation is entered, your former spouse must be removed from the plan.

If you are covering someone who is **not** an eligible dependent, you will have to pay federal and State tax on the fair market value of benefits provided to that individual.

Please refer to the Comptroller's website at www.osc.ct.gov for details about dependent eligibility.

Active Employees Eligible for Medicare

If you are an active employee, and you and/or your spouse are eligible for Medicare, **you do NOT need to enroll in Medicare Part B while enrolled in the active state plan.** The active state plan is primary. If you choose to enroll in Medicare Part B, you will pay a premium for that coverage. The State does not reimburse Medicare Part B premiums for employees or dependents enrolled in the active plan.

Medicare Part A does not typically have a premium cost associated with enrollment. There is no harm in automatically enrolling in Medicare Part A when you or your spouse become eligible.

When you drop or otherwise lose your active employee state coverage (i.e. upon retirement), you will have a limited time to sign up for Medicare Part B with no penalty. If you are eligible for enrollment

on the State's retiree plan, you will be required to enroll in Medicare Part B at that time. You must submit a copy of your Medicare card to the Office of the State Comptroller's Retirement Health Unit for reimbursement of you and/or your spouse's Medicare Part B premium.

Qualifying Status Change

Once you choose your medical and dental plans, you cannot make changes for the July 1, 2019 – June 30, 2020 period unless you experience a qualifying status change. **If you do have a qualifying status change, you must notify your agency Payroll/Human Resources office within 31 days of the event date. The change you make must be consistent with your change in status. All coverage changes are effective the 1st of the month following the date of the event.**

Please call your agency Payroll/Human Resources office if you experience a qualifying status change – which include changes in:

- **Legal marital/civil union status** – Any event that changes your legal marital/civil union status, including marriage, civil union, divorce, death of a spouse and legal separation.
- **Number of dependents** – Any event that changes your number of dependents, including birth, death, adoption and legal guardianship.
- **Employment status** – Any event that changes your, or your dependent's, employment status, resulting in gaining or losing eligibility for coverage such as:
 - Beginning or ending employment
 - Starting or returning from an unpaid leave of absence
 - Changing from part time to full time or vice versa.
- **Dependent status** – Any event that causes your dependent to become eligible or ineligible for coverage.
- **Residence** – A significant change in your place of residence that affects your ability to access network providers.
- **Loss of coverage** – Any event that causes you or your dependents to lose coverage from another source.

If you experience a change in your life that affects your benefits, contact your agency Payroll/Human Resources office. They'll explain which changes you can make and let you know if you need to send in any documentation (for example, a copy of your marriage certificate).

This planner provides a brief summary of covered services. See Your Benefit Resources on page 25 to receive more detailed information.

Preferred Provider Networks

Anthem and United Healthcare/Oxford have a new designation for in-network providers. While you can still see any in-network primary care provider (PCP) or specialist and pay only a \$15 copay, if you see a Preferred in-network provider, the copay will be waived – you’ll pay nothing! Preferred in-network specialists are currently available for ten medical specialties:

- Allergy and immunology
- Cardiology
- Endocrinology
- Ear, nose and throat (ENT)
- Gastroenterology
- OB/GYN
- Ophthalmology
- Orthopedic surgery
- Rheumatology
- Urology

Your Doctor Might Already Be Preferred. If you already use an in-network PCP or specialist, there’s a good chance your doctor is a Preferred provider. 70% of in-network PCPs and 60% of in-network specialists for the ten medical specialties noted above are considered Preferred.

Preferred Providers for Outpatient Lab Tests and Imaging

Anthem and United Healthcare/Oxford have a Preferred designation for outpatient lab services and diagnostic imaging (e.g., blood work, urine tests, stool tests, x-rays, MRIs, CT scans). **You’ll continue to pay nothing if you receive care at a Preferred lab or imaging facility!** Otherwise, you’ll pay 20% of the cost for Non-Preferred in-network services, or 40% of the cost for out-of-network services (POS Plan only).

Preferred PCP and Specialists:

To find a "Preferred"/Tier 1 provider. Just click the Find a Provider Search link, and then click on "Find a Physician or Facility." In your search results, simply look for the blue hearts."

Preferred Lab and Imaging Locations:

Under the "Benefits" drop-down menu at the top of the page, click on "Find a Doctor or Facility." Scroll down to the section for "Site of Service Lab and Radiology in Connecticut" Where you can choose from "CT Preferred Radiology Centers" or "CT Preferred Laboratories." Each link will produce a list of all Preferred SOS providers for radiology or laboratories.

Making Your Decision

Each of the medical plans offered by the State of Connecticut is designed to cover the same medical benefits – the same services and supplies. And, the amount you pay out of pocket at the time you receive services is very similar. Yet, your payroll deduction varies quite a bit from plan to plan. How do you decide?

When it comes to choosing a medical plan, there are four main areas to look at:

- 1. What is covered** – the services and supplies that are covered benefits under the plan. This comparison is easy to make at the State of Connecticut because all of the plans cover the same services and supplies. (See page 4.)
- 2. Cost** – what you pay when you receive medical care and what is deducted from your paycheck. What you pay at the time you receive services is similar across the plans (see the chart on page 4). However, your payroll deduction varies quite a bit depending on the carrier and plan selected (see page 22).
- 3. Networks** – whether your provider or hospital has contracted with the insurance carrier. (See chart below).
- 4. Plan features** – how you access care and what kinds of “extras” the insurance carrier offers. Under some plans you must use network providers except in emergencies; others give you access to out-of-network providers. Finally, you may prefer one insurance carrier over the other (see pages 7-15).

The following pages are designed to help you compare your options.

Comparing Networks

When Was the Last Time You Compared Your Medical Plan to the Other Options?

If you're like many people, you made a choice when you were first hired and haven't really looked at it since. The State of Connecticut offers a wide variety of medical plans, so you can find the one that best fits your needs.

Did you know that you might be able to take advantage of one of the lower-cost plans while keeping your doctor and receiving the same health care services?

Many doctors belong to multiple provider networks. Check to see if your doctor is a network provider under more than one of the plan options. Then, take a fresh look at your options. You may be able to save money every month without changing doctors.

Why Networks Matter

All of the plans cover the same health care services and supplies. The provider networks are one of the main ways in which your medical plan options differ. Getting your care within the network provides the highest benefit level:

- If you choose a **Point of Enrollment (POE)** plan, you must use in-network providers for your care (except in emergencies).
- If you choose a **Point of Service (POS)** plan or one of the Out-of-Area plans, you have the choice to use in-network or out-of-network providers each time you receive care – but, you'll pay more for out-of-network services.
- If you choose a **Point of Enrollment - Gatekeeper (POE-G)** plan, you must use in-network providers for your care (except in emergencies) and you must obtain a referral for most specialist care.

Is a National Network Important to You?

All State of Connecticut plans have a national provider network. That means they contract with doctors and hospitals across the country to provide you with nationwide access to the highest level of benefits.

- Thinking of retirement and planning to travel out of the region?
- Have a college student attending school hours away from home?
- Wish to get care at a specialty hospital that's not in Connecticut or the coverage region?

The State of Connecticut offers affordable options with great coverage within the region and nationwide. Take a look at your options before you decide.

How the Plans Work

Point of Service (POS) Plans – These plans offer health care services both within and outside a defined network of providers. No referrals are necessary to receive care from in-network providers. Health care services obtained outside the network may require prior authorization and are reimbursed at 80% of the allowable cost (after you pay the annual deductible).

Point of Enrollment (POE) Plans – These plans offer health care services only from a defined network of providers (out-of-network care is covered in emergencies). No referrals are necessary to receive care from in-network providers. Health care services obtained outside the network may not be covered.

Point of Enrollment - Gatekeeper (POE-G) Plans – These plans offer health care services only from a defined network of providers. (Out-of-network care is covered in emergencies.) You must select a Primary Care Physician (PCP) to coordinate all care, and referrals are required for all specialist services.

The Point of Enrollment - Gatekeeper (POE-G) plans generally require the designation of a primary care provider. You have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider. Until you make this designation, the medical insurance carrier designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the medical insurance carrier (see Your Benefit Resources on page 25).

You do not need prior authorization from the medical insurance carrier or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the medical insurance carrier (see Your Benefit Resources on page 25).

Using Out-of-Network Providers

When you enroll in one of the State of Connecticut POS plans, you can choose a network or out-of-network provider each time you receive care. When you use an out-of-network provider, you'll pay more for most services. In most cases the plan pays... 80% of the allowable charge after you pay your annual deductible. Plus, you pay 100% of the amount your provider bills above the allowable charge.

In the POS plans there are no referral requirements to use out-of-network providers – you are free to use the network or out-of-network provider of your choice. However, since certain procedures require prior authorization (see page 4), call your plan when you anticipate significant out-of-network expenses to find out how those charges will be covered. You'll avoid an unpleasant surprise and have the information you need to make an informed decision about where to seek health care.

Where You Live or Work Affects Your Choices

You must live or work within a plan's regional service area to enroll in that plan – even though the plan has a national network.

For example, if you want to enroll in the UnitedHealthcare Oxford Freedom Select Plan (POS), you must live or work within the geographic area covered by Oxford's regional provider network. If you live and work outside that area, you should choose one of the Out-of-Area plans. Both Out-of-Area plans give you access to a national provider network.

Health Enhancement Program

The Health Enhancement Program (HEP) has several important benefits. First, it helps you and your family work with your medical providers to get and stay healthy. Second, it saves you money on your health care. Third, it will save money for the State long term by focusing our health care dollars on prevention. It's your choice whether or not to participate, but there are many advantages to doing so.

You Save Money by Participating!

When you and all of your enrolled family members participate in HEP, you will pay lower monthly premiums and have no deductible for in-network care for the plan year. If one of you has one of the five chronic conditions identified below, you may also receive a \$100 payment, provided you and all enrolled family members comply with HEP requirements. You also save money on prescription drugs to treat that condition.

How to Enroll in HEP

Current Employees:

For those who are not currently participating in HEP, you can enroll during open enrollment. Forms are available at your agency Payroll/Human Resources office or by visiting the Office of the State Comptroller website, www.osc.ct.gov.

Those who participated in HEP during 2018 and have successfully met all of the requirements will be automatically re-enrolled in HEP again for 2019-2020 and will continue to pay lower premiums for their health care coverage.

New Employees:

If you are a new employee, you must complete the HEP enrollment form upon making your benefit elections. HEP enrollment forms are available at your agency Payroll/Human Resources office or by visiting the Office of the State Comptroller website, www.osc.ct.gov. You will not have to meet the HEP requirements until the first calendar year in which you are enrolled in coverage on January 1st. If you do not wish to continue participation in HEP, you can disenroll during open enrollment.

2019 Health Enhancement Program Requirements

You and your enrolled family members must get age-appropriate wellness exams, early diagnosis screenings (such as colorectal cancer screenings, Pap tests, mammograms, and vision exams).

Additional Requirements for Those With Certain Conditions

If you or any of your enrolled family members have **1) Diabetes (Type 1 or 2), 2) asthma or COPD, 3) heart disease/heart failure, 4) hyperlipidemia (high cholesterol), or 5) hypertension (high blood pressure)**, you and/or that family member will be required to participate in a disease education and counseling program for that particular condition. You will receive free office visits and reduced pharmacy co-pays for treatments related to your condition (see Your Prescription Drug Coverage at a Glance on page 16 for cost details).

Visit the HEP online portal at www.cthep.com to find out whether you have outstanding dental, medical or other requirements to complete by December 31, 2019. Those with chronic conditions can also complete requirements online. WellSpark Health may also be reached by phone at (877) 687-1448.

Need a doctor? Choose a State of Connecticut preferred doctor and save

When you see a Primary Care Physician (PCP) or specialist in your State of Connecticut preferred network (also referred to as Tier 1 in your health plan), there's no office visit copay. These doctors cost less than doctors outside of your plan.

- Visit [anthem.com/staect](https://www.anthem.com/staect) and choose **Find a Doctor**.
- Call the Enhanced Member Service Unit at 1-800-922-2232, for more information or to find out if your doctor is in Tier 1.

Use Site-of-Service providers to get 100% coverage for lab tests, X-rays, and high-cost imaging

Site-of-Service (SOS) providers give you 100% coverage with a \$0 copay. Your plan will cover only 80% of the cost when you get these services from other providers.

- Call the Enhanced Member Service Unit at 1-800-922-2232 to learn more.

Find support for mental health issues

If you or a family member needs mental health or substance use care or treatment, we have specialists and designated programs that can help and/or direct you to the type of care that you need.

See a doctor, psychologist or therapist from home or work with LiveHealth Online

With LiveHealth Online you can see a board-certified doctor on your smartphone, tablet or computer with a webcam. Doctors can assess your health, provide treatment options and send a prescription to the pharmacy of your choice, if needed.² If you're feeling stressed, worried or having a tough time, you can see a licensed psychologist or therapist through LiveHealth Online Psychology. It's private and in most cases you can see a therapist within 4 days or less.³

How to find care right away when it's not an emergency

The emergency room shouldn't be your first stop — unless it's a true emergency (then, call 911 or go to the ER). Depending on the situation, there are different types of providers you can see if your doctor isn't available.

- Visit a walk-in doctor's office, retail health clinic or urgent care center.
- Have a video visit with a doctor through LiveHealth Online.
- Call 24/7 NurseLine at 1-800-711-5947 to speak with a nurse about symptoms or get help finding the right care.

Get access to care wherever you go

If you travel out of Connecticut, but are in the U.S., you have access to doctors and hospitals across the country with the BlueCard® program. If you travel out of the U.S., you have access to providers in nearly 200 countries with the Blue Cross and Blue Shield Global Core® program.

- Call 1-800-810-BLUE (2583) to learn more about both programs. If you're outside the U.S., call collect at 1-804-673-1177.³

Comparing plans can help you make a more informed decision.

Dedicated to helping people live healthier lives.

This is our mission and we take it seriously. By making healthier decisions, you can live a healthier life. It's that simple. Our programs and network can help you do just that.

A robust local and national network.

Nationally and in the tri-state area, we have a large number of doctors, health care professionals and hospitals. For years, our members have accessed our Connecticut, New York and New Jersey tri-state network. Whichever plan you choose, you'll have seamless access to our UnitedHealthcare Choice Plus Network of physicians and health care professionals outside of the tri-state area. This gives State of Connecticut employees, eligible retirees and their families better access to care whether you are in Connecticut, traveling outside the tri-state area or living somewhere else in the country.

Oxford On-Call®: Health care guidance 24 hours a day.

Questions about your health can come up at any time. That's why we offer you flexible choices in health care guidance through our Oxford On-Call program. Speak with a registered nurse who can offer suggestions and guide you to the most appropriate source of care, 24 hours a day, seven days a week. That's the idea behind Oxford On-Call.

If you are a member and you need to reach Oxford-On-Call, please call 1-800-201-4911. Press option 4. Oxford On-Call can give you helpful information on general health information, deciding where to go for care, choosing self-care measures or guidance for difficult decisions.

Tools.

By visiting welcometouhc.com/stateofct you can:

Frequently Asked Questions

1. Where can I get more details about what the State health insurance plan covers?

All medical plans offered by the State of Connecticut cover the same services and supplies with the same co-pays. For more detailed benefit descriptions and information about how to access the plan's services, contact the insurance carriers at the phone numbers or websites listed on page 25.

2. If I live outside Connecticut, do I need to choose an Out-of-Area Plan?

No, as long as you work in Connecticut, you do not need to choose an Out-of-Area plan.

3. What's the difference between a service area and a provider network?

A service area is the region in which you need to live in order to enroll in a particular plan. A provider network is a list of doctors, hospitals and other providers. In a POE plan, you may use only network providers. In a POS plan, you may use providers both in- and out-of-network, but you pay less when you use providers in the network.

4. What are my options if I want access to doctors across the U.S.?

Both State of Connecticut insurance carriers offer extensive regional networks as well as access to network providers nationwide. If you live outside the plans' regional service areas, you may choose one of the Out-of-Area plans. Both have national networks.

Contact each insurance carrier to find out if your doctor is in the network that applies to the plan you're considering. You can search online at the carrier's website (be sure to select the right network; they vary by plan option), or you can call customer service at the numbers on page 25. It's likely your doctor is covered by more than one network.

5. Can I enroll later or switch plans mid-year?

The elections you make now are in effect through June 30, 2020. If you have a qualifying status change, you may be able to modify your elections mid-year (see page 3). If you decline coverage now, you may enroll during any later open enrollment or if you experience certain qualifying status changes.

6. Can I enroll myself in one option and my family member in another?

No. You and the family members you enroll must all have the same medical option and/or the same dental option. However, you can enroll certain family members in medical and different family members in dental coverage. For example, you can enroll yourself and your child for medical but yourself only for dental. To enroll an eligible family member in a plan, you must enroll as well.

7. My spouse or I will be eligible for Medicare soon. Should I sign up for Medicare? What else do I need to do?

If you are enrolled in the active health insurance plan as an active employee or a dependent of an active employee, you don't need to sign up for Medicare Part B while enrolled in the active state plan.

The state employee active health plan is primary as long as you're enrolled as an active employee and Medicare is secondary. This means that Medicare will only pay for services after your employee plan has made payment. It's unlikely it would be worth paying Medicare Part B premiums for secondary coverage.

Medicare Part A does not typically have a premium cost associated with enrollment. There is no harm in automatically enrolling in Medicare Part A.

When you and your spouse (if applicable) drop or otherwise lose your active employee state coverage (i.e. upon retirement), you will have a limited time to sign up for Medicare Part B with no penalty.

Your Prescription Drug Coverage at a Glance

Your prescription drug coverage is through Caremark. Prescription benefits are the same no matter which medical plan you choose.

The plan has a 4-tier co-pay structure which means the amount you pay depends on whether your prescription is for a generic drug, a brand-name drug listed on Caremark's preferred drug list (the formulary), or a non-preferred brand-name drug.

PRESCRIPTION DRUG CO-PAYS ARE AS FOLLOWS:

For...	Maintenance Drugs 90-Day Supply	Non-Maintenance Drugs 30-Day Supply
Tier 1: Preferred generic	\$5	\$5
Tier 2: Non-preferred generic	\$10	\$10
Tier 3: Preferred brand-name	\$25	\$25
Tier 4: Non-preferred brand-name	\$40 (\$25 if your physician certifies the non-preferred brand-name drug is medically necessary)	\$40 (\$25 if your physician certifies the non-preferred brand-name drug is medically necessary)

For those enrolled in the Health Enhancement Program, medications used to treat chronic conditions covered by HEP's disease education and counseling programs cost even less:

- \$0 co-pay for Tier 1 (generic)
- \$5 co-pay for Tier 2 (preferred)
- \$12.50 co-pay for Tier 3 (non-preferred).

There is \$0 co-pay for medications and supplies used to treat diabetes (Type 1 and Type 2).

To check which co-pay amount applies to your prescriptions, visit www.Caremark.com for the most up-to-date information. Once you register, click on "Look up Co-pay and Formulary Status." Simply type the name of the drug you want to look up and you will see the cost and co-pay amounts for that drug as well as alternatives.

Preferred and Non-Preferred Brand-Name Drugs

A drug's tier placement is determined by Caremark's Pharmacy and Therapeutics Committee on a quarterly basis. If new generics have become available, new clinical studies have been released, new brand-name drugs have become available, etc., the Pharmacy and Therapeutics Committee may change the tier placement of a drug.

If your doctor believes a non-preferred brand-name drug is medically necessary for you, they will need to complete the Coverage Exception Request form (available at www.osc.ct.gov) and fax it to Caremark. If approved, you will pay the preferred brand co-pay amount.

If You Choose a Brand Name When a Generic Is Available

Prescriptions will be automatically filled with a generic drug if one is available, unless your doctor completes Caremark's Coverage Exception Request form and it is approved. (It is not enough for your doctor to note "dispense as written" on your prescription; a separate form is required.) As noted above, if you request a brand-name drug over a generic alternative without obtaining a coverage exception, you will pay the generic drug co-pay PLUS the difference in cost between the brand and generic drug.

Maintenance Medications

Maintenance drugs are prescriptions commonly used to treat conditions that are considered chronic or long term.

Mandatory 90-day Supply for Maintenance Medications

If you or your family member takes a maintenance medication, you are required to get your maintenance prescriptions as 90-day fills. You will be able to get your first 30-day fill of that medication at any participating pharmacy. After that your two choices are:

- Receive your medication through the Caremark mail-order pharmacy, or
- Fill your medication at a pharmacy that participates in the State's Maintenance Drug Network (see the list of participating pharmacies on the Comptroller's website at www.osc.ct.gov).

A list of maintenance medications is posted at www.osc.ct.gov.

CVS Caremark Specialty Pharmacy

Certain chronic and/or genetic conditions require special pharmacy products (often injected or infused). The specialty pharmacy program provides these prescriptions along with the supplies, equipment and care coordination needed. Call 1-800-237-2767 for information.

Contact Caremark

If you have questions about your prescription drug benefits, contact Caremark at 1-800-318-2572.

- 1 In the Enhanced plan, be sure to use an in-network dentist to ensure receiving 100% coverage; with out-of-network dentists, you will be subject to balance billing if your dentist charges more than the maximum allowable charge.
- 2 If enrolled in the Health Enhancement Program, frequency limits and cost share are applicable; however, periodontal maintenance and periodontal root scaling & planing do not apply to the annual \$500 maximum.
- 3 Contact CIGNA at 1-800-244-6224 for patient co-pay amounts.
- 4 While not covered, you will get the discounted rate on these services if you visit a network dentist, unless prohibited by state law (see page 19 for details).
- 5 Benefits prorated over course of treatment.

Oral Health Integration Program

Employees (including dependents) enrolled in a State of Connecticut dental plan are eligible for Cigna's Oral Health Integration Program (OHIP). OHIP provides members with qualifying medical conditions 100% reimbursement of their copay for select covered services. If you are pregnant or have a qualifying medical condition (heart disease, stroke, diabetes, maternity, chronic kidney disease, organ transplants, and head & neck cancer radiation), you are encouraged to enroll in this program to reduce your costs. More information can be found at www.cigna.com/stateofct.

Savings on Non-Covered Services

Many of the Basic and Enhanced plan Cigna PPO network dentists have agreed to offer their discounted fees to you and your covered dependents for non-covered services. These savings may also apply to services that would not be covered because you reached your annual benefit maximum or due to other plan limitations such as frequency, age, or missing tooth limitations.

- You can get savings on most services not covered under the dental PPO plans
- You must visit network dentists to receive the Cigna dental PPO discounts (savings will not apply with non-participating dentists)
- You must verify that a procedure is listed on the dentist's fee schedule before receiving treatment
- You are responsible for paying the negotiated fees directly to the dentist.

* *Discounts on non-covered services may not be available in all states. Certain dentists may not offer discounts on non-covered services. Be sure to check with your dental care professional or contact Cigna customer service before receiving care to determine if these discounts will apply to you.*

Before starting extensive dental procedures for which charges may exceed \$200, your dentist may submit a pre-treatment estimate to the plan. You can also help to determine the amount you will be required to pay for a specific procedure by visiting Cigna's website at www.cigna.com.stateofct.

More details about covered services are available by contacting Cigna at 1-800-244-6224 or www.Cigna.com/stateofct. (See Your Benefit Resources on page 25.)

Terms to Know

Basic Plan – This plan allows you to visit any dentist or dental specialist without a referral.

Enhanced Plan – This plan offers dental services both within and outside a network of dentists and dental specialists without a referral. However, your out-of-pocket expenses may be higher if you see an out-of-network provider.

If you visit a dentist who is not part of the Cigna PPO Network, he or she is considered out-of-network. The Enhanced Plan pays for covered dental services based on "MAC" or "Maximum Allowable Charge." The MAC is the amount your plan would pay had you visited an in-network dentist. When you visit an out-of-network dentist, you are responsible for any and all charges above the MAC; up to that dentist's usual charge for those services.

DHMO Plan – This plan provides dental services only from a defined network of dentists. You must select a Primary Care Dentist (PCD) to coordinate all care and referrals are required for all specialist services.

Coverage for Fillings under the Basic and Enhanced Plan

There's not always one simple answer for treating a dental condition. You and your dentist should discuss the various options, and then you can decide on the best approach. Your costs may vary based on the treatment plan you choose.

The Basic and Enhanced Plans provide coverage for amalgam (silver) fillings. If you decide to get a composite (white) filling, you'll be responsible for paying the dentist the difference between the silver filling covered by the plan and the more expensive restoration. Both of these methods are recognized by the dental profession as acceptable treatment plans; however, the silver filling is the least costly alternative for treatment.

Dental coverage ends for dependent children at age 19 (unless disabled*).

* *For your disabled child to remain an eligible dependent, they must be certified as disabled by your **medical** insurance carrier before their 19th birthday for dental benefits or their 26th birthday for medical benefits.*

Frequently Asked Questions

1. **How do I know which plan is best for me?**

This is a question only you can answer. Each plan offers different advantages. To help choose which plan might be best for you, compare the plan-to-plan features in the chart on page 18 and weigh your priorities.

2. **How long can my children stay on the dental plan? Can they stay covered until their 26th birthday like with the medical plans?**

The Affordable Care Act extended benefits for children until age 26 only under medical and prescription drug coverage, not dental. Dental coverage ends for dependent children at age 19 (unless they are disabled*).

** For your disabled child to remain an eligible dependent, they must be certified as disabled by your **medical** insurance carrier before their 19th birthday for dental benefits or their 26th birthday for medical benefits.*

3. **Do any of the dental plans cover orthodontia for adults?**

Yes, the Enhanced Plan and DHMO both cover orthodontia for adults up to certain limits. The Enhanced Plan pays \$1,500 per person (adult or child) per lifetime. The DHMO requires a copay. The Basic Plan does not cover orthodontia for adults or children.

4. **If I participate in HEP, are my regular dental cleanings 100% covered?**

Yes, up to two per year. However, if you are in the Enhanced plan, you must use an in-network dentist to get the full coverage. If you go out of network, you may be subject to balance billing (if your out-of-network dentist charges more than the maximum allowable charge). And of course in the DHMO, you must use a network dentist or your exam won't be covered at all.

Your 2019-2020 Payroll Deductions

Health Enhancement Program Bi-Weekly Payroll Deductions | July 1, 2019 through June 30, 2020 (26 Pay Periods)

If you do not enroll in the Health Enhancement Program, an additional \$46.15 will be deducted from your paycheck bi-weekly.

(Employees on semi-monthly pay schedules will have slightly higher deductions.)
