

CALTECH SPACE CHALLENGE

21-25
MARCH
2022

The Caltech Space Challenge brings together diverse students from around the world to the Caltech campus to participate in a week-long space mission design competition. Experts from NASA, industry, and academia mentor the student teams in designing their mission concept from scratch all the way to a final proposal. Students of all disciplines with a passion for space are encouraged to apply for this incredible opportunity to gain real-world mission design experience!

**5 DAYS.
2 TEAMS.
1 MISSION.
APPLY NOW!**
